## DRIVER REQUIREMENTS – HOURS OF SERVICE:

Drivers of commercial property-carrying vehicles and passenger-carrying vehicles are subject to rules that limit the hours spent driving and working and regulate the minimum amount of time drivers must rest between driving shifts. Canada, Mexico and the U.S. all have strict Hours of Service regulations in place to help reduce the occurrence of driver fatigue.

For Hours of Service, ensure you know –

- The type of ELD installed in the vehicle, per the ELD mandate in December 2019
- How to provide instructions to the Inspector to transfer Records of Duty Status electronically
- How to display required and requested information on your ELD

For more information on Hours of Service, visit the [FMCSA's Hours of Service webpage](#).
